		Add poutine \$5	
		Garlic bread	7

A Brief History

Walter's Falls was founded by John Walter over 160 years ago. John Walter (1804 - 1867) and his wife Elizabeth Payne (1804 - 1882) are buried in the church yard of St. Phillip's Anglican Church. This beautiful stone church, built in 1880, is located beside the Inn and is open to the public year-round.

Settling around the river, John harnessed the water power to develop a sawmill, feed mill and woolen mill. The sawmill was operated by the Olmstead brothers until it was sold to Willard Hallman in the mid 1940's.

The sawmill increased its power capacity and expanded in the 50's but outgrew the power and changed to the hydro grid in the early 80's. Willard's son John continued to operate the sawmill until it burned in 1984.

The feed mill is one of the last in Ontario to continue to operate on water power.

Executive Chef April MacLean

The Falls Inn is happy to accommodate dietary requests and reasonable substitutions.
